

## Catarrh is Often Deep Seated

Local Congestions May Indicate Much Internal Inflammation.

Just because catarrh affects the nose and throat, few people realize how deep-seated it may be until it creeps into the bronchial tubes and settles down into the lungs. The way to treat catarrh is to recognize the fact that it is in the blood.

And there is only one blood purifier that can be safely used. It is S. S. S., the most powerful, the most searching, the most assimilative blood remedy known today, for it is not a mineral, but a vegetable remedy. The medicinal components of S. S. S. are relatively just as essential to well-balanced health as the nutritive properties of the grains, meats, sugars and fats of foods. Any local irritating influence in the blood is rejected by the tissue cells and eliminated by reason of the stimulating influence of S. S. S.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils, and all other diseased conditions of the blood. For special advice on any blood disease write Medical Dept., The S. S. S. Co., 322 Swift Bldg., Atlanta, Ga. Carefully avoid any and all substitutes for S. S. S. There is nothing "just as good."

**Japanese in U. S. Institute.** NEW YORK, July 20.—Dr. Hideyo Noguchi, hitherto an associate member in the department of pathology and bacteriology of the Rockefeller Institute for Medical Research, has been made a member of the institute. This is the highest rank in the organization and is held by only six other men.

Dr. Noguchi is a Japanese, but has passed a large part of his life in this country. Since he became connected with the institute in 1909 he has become known as one of the leading bacteriologists of the world. He isolated the germ of rabies last year.

Another important change announced yesterday by the board of scientific directors of the institute was the promotion of Dr. Louise Pearce of the department of pathology and bacteriology from the rank of fellow to that of assistant. She came to the institute last August from Johns Hopkins university and is the first woman who has been made an assistant to Dr. Simon Flexner.

One of the things that irritate the senate is President Wilson's uncanny habit of getting results.

## Local Playhouses

What the Press Agent Has to Say of Present and Coming Attractions.

**The Orpheum.** For Tuesday and Wednesday the tenth page in the active life of "Dolly of the Dailies," featuring Mary Fuller.

"Dolly Plays Detective," Edison. Malone, the manager of the "Comet" and Dolly go to a dinner party and during the evening a necklace disappears from the neck of one of the ladies. Dolly flirts with a count who is also there and several days later as he is leaving her home, some ladies call. During the afternoon another necklace disappears and Dolly is suspected. How she tricks the count and discovers he is the real thief makes a very interesting picture.

"His Wife and His Work," two part Vitagraph, featuring Myrtle Gonzalez and George Holt.

The artist's wife objects to his employing female models as she knows nothing of art. They separate but later through a hard lesson she realizes her prejudices are foolish and returns to her joyful husband.

"A Boarding House Scramble," Essanay. A comical tale of boarding house love.

**Pastime—Tonight.** "The Adventures of Kathlyn," No. 13, "The Court of Death." This culminates this singular series of adventures, that has proved an "open sesame" to a new interest for the world in moving pictures.

Synopsis: Kathlyn and her party, having escaped a dreadful death from the rain of fiery lava, observe its subsidence with profound gratitude. The dangers that infect the island, the fruitlessness of their search, inspire them to get away from the place of death and destruction as quickly as possible. They learn from the wounded slave that Umballah has decamped with the treasure. He has a decided advantage in start, but they take up the chase unflinchingly.

When Umballah reaches his native heath, he hides the treasure in a nearby jungle which happens to be the lair of leopards. He is unaware of this, but before they have time to hide the gold the leopards return and Umballah and his followers flee. Kathlyn and her party having landed and being informed of the situation go into the jungle and secure the treasure and present it to the Supreme Tribunal. After many exciting incidents in which our little party are the victors Umballah, the master villain is captured and put to work for the rest of his days upon the tread mill. Kathlyn gives the gold to the poor and is freed forever from the throne by the Supreme Tribunal. A week later, accompanied by her father, her sister and the faithful Bruce, they reach the coast and set sail for their beloved California.

**"Dr. Smith's Baby,"** Vitagraph, featuring Maurice Costello, Mary Charleson, Robert Galliard, Harry T. Morey and Phyllis Grey. Doctor Smith suddenly finds himself father of Doctor Smith's baby. Both doctors live in the same apartment house. The baby's mother arrives and the mystery is explained.

"His Sudden Recovery" and "Who's Who" are two laughable Lubin comedies on the same reel.

**Loss of Appetite** is commonly gradual; one dish after another is set aside. It is one of the first indications that the system is running down, and there is nothing else so good for it as Hood's Sarsaparilla—the best of all tonics.—Adv.

**Cosy—Monday.** Jack Lamar and Anna Blanford in the comedy skit "The Funny Usher and the Chorus Girl" will be one of the vaudeville acts tonight. They are certainly funny and get a bunch of laughs all through their act.

The DeFerra Sisters have a beautiful singing act, with elaborate costumes. It is seldom that one hears better singers than these two girls; their act is a real treat to all music lovers.

"The Painted Lady" 2 reel Majestic. Dorothy Gish, Mae Marsh and Blanche Sweet have the leads in this beautiful film story.

"The Sky Pilot," Keystone. Mabel Normand and Charlie Chaplin in a speedy airship comedy.

**ALTA THEATER.** Strong Vitagraph Subject With Dorothy Kelly, James Morrison and George Cooper.

"The False and the True," a strong Vitagraph subject with a youthful cast of Vitagraph stars.

The story is of a girl who, blinded by a discharge of dynamite, marries a man she thinks her fiancé. Restored to sight she finds her self married to another man. She is glad of it when she learns the truth.

Dorothy Kelly, James Morrison and George Cooper capably handle the leading roles supported by George Stevens. The photography and mounting is fully in keeping with the story, which in strength is rarely found in a single-reel subject. This could have been made into an admirable two-reeler.

"Andy Has a Toothache," an Edison story by Mark Swan and included in the "Andy" series features the diminutive photoplay star, Andy Clark.

"The Gypsy Gambler," a powerful dramatic story of western and gypsy life with Princess Mona Darkfeather and Arthur Ortega in the leads.

Send for **The Cook's Book** By Mrs. Janet McKenzie Hill **It's FREE**

Our instructions to the famous editor of the Boston Cooking School Magazine were: "Get up a book of recipes of the things people like best. Find the best way to make and bake each one. Then write it out so plainly that even an inexperienced housewife can't have a failure."

"The Cook's Book" was the result. Some of the 90 recipes were originated, many of them were improved upon, and all were personally tested by this best known authority on cooking in America, and she tells so clearly how she made everything that one cannot go astray.

While some of the cakes and pastry are elaborate enough for any occasion, the recipes are all thoroughly practical and call for no expensive and unusual ingredients. In addition to telling how to make them, the book is beautifully illustrated in colors showing how to arrange and serve the dishes appetizingly.

More than half a million of "The Cook's Book" are now in use in American households. Yet the demand is constantly increasing. Many send for two or three at a time to give to friends or young housekeepers. Don't depend on borrowing one from a neighbor—have one of your own.

### How to Get "The Cook's Book"

In every 25c. can of K. C. Baking Powder is packed a colored certificate. Send us one of these certificates (paste it on a postal card if you like) with your name and address, plainly written, and "The Cook's Book" will be mailed free of charge. Only one book for each certificate.
